MEMORANDUM FOR THE RECORD

SUBJECT: Concurrence in Contract No. HF-8143 with Westinghouse Electric Corporation, Baltimore, Maryland, Project CHALICE (Air Force)

1. This memorandum contains a recommendation submitted for concurrence of the undersigned. Such recommendation is contained in Paragraph 5.

2. Contract No. HF-8143 covers the procurement of Contractor furnished technical and field maintenance services to support FOG equipment for the period 1 July 1960 through 30 June 1961. This is a continuation of identical services furnished the two previous years. The contract is being issued on a Fixed Price Redeterminable basis with redetermination scheduled for November - December 1960.

3. Contract No. HF-8143 obligates an amount of \$91,093 chargeable to Air Force Funds during fiscal year 1961. By concurrence to this memorandum the Comptroller signifies that sufficient funds are available for this obligation.

4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress, (formerly 10(b) see 85-507 dtd 7/7/58) for each contract.

5. Concurrence in Contract No. HF-8143 is recommended.
